### RIDE NEWS

Tom Murphy will be leading a series of rides in 2010. Tom states: "I have them all as the second Saturday in each month. Every ride is within a theme called 'Climb Club'. These should be listed as training rides for climbing strength. They are a little tougher than what the club normally does and as the year progresses the climbs get tougher. These are ambitious and other rides should be used as warm ups or training for the Climb Club Rides. These rides may not be suitable for everyone."
